# High Fidelity Mockup

A close-up view of the Moodelights website interface. It shows the same purple header with the logo and tagline. The promotional banner 'Get a 15% off in your first purchase' is visible. The navigation menu includes 'Home', 'Products', 'About us', and 'Contact'. The main visual is the same image of the purple bottle with cake pops, framed by a yellow and green circle. The text 'What's your mood today?' and the placeholder text are also present. A purple button labeled 'button' is located at the bottom right of the main content area.
